

PLANT A TREE , & LET YOUR MEMORY GROW

We at **Om K Exports** :

...help you to plant trees.

We are dedicated to the **sustainable** development of the planet by planting trees which promotes biodiversity, supports rural livelihood, empower the rural communities and make our societies cleaner and Greener.

We Propose a unique Project Where On your behalf We Plant Personalized Trees With Your Name In various parts of the India.

Om K Exports provide you a patented online platform with an NGO powered by GPS and social technologies to plant trees from anywhere in the world at a location you desire. Apart from adding to the green space and promoting bio-diversity, every tree that you plant helps to support rural livelihoods.

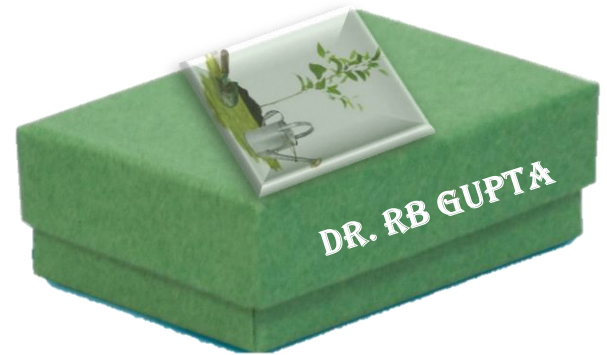

Our state of the art technology framework and on-ground excellence enables you to run an exciting tree plantation campaign to mark :

- Product launch
- Plant Gifting
- Employee engagement programs
- Customer engagement programs
- Stakeholders engagement programs
- Everlasting bonding among – brand, employees, customers and Rural community
- Commitment towards environmental sustainability

Tree beneficiary
Rakesh Adhikari.

How did I help Rakesh Adhikari?

To curb the environmental issues and spread greenery, Rakesh is dedicated towards growing as many trees as possible. He is now on a mission of creating a beautiful custard apple and guava orchard on his land with growing each sapling into a blooming tree.
